Experience:

2018 - Present

Freelance Video Editor

The role consists of accompanying multiple types of SMB's, as well as private individuals, through their Video Production needs, such as events and medium-sized conferences, and therefore transform raw footage into unforgettable memories.

2020 – Present

Head of Video Production - Go-Live

The role consists of end-to-end project management for clients such as Globes/Cytaka/Microsoft, and includes the operational, timeframe, and staff oversight (mostly outstanding freelancers).

Furthermore, the role included building the main website for Go-Live through Elementor.

Skills:

Adobe suite: After Effects, Premiere Pro, Photoshop, Illustrator.
Autodesk Maya, Cinema 3D.
HTML, CSS, JavaScript.

Education:

2016 - 2019

After Effects & 3D Animation Course - IAC

The course revolved around motion design-oriented topics, such as 2D video creation, 3D effects and post-production. In addition to that, we were taught how to use Javascript in order to create complex animations.

Lastly, the course involved numerous courses around 3D environments creation, and included modeling as well as character animations.

Military Service:

2010 - 2013

Production Planning and Control

The military service focused on project and roadmap management, in order to prioritize mission-critical tasks for the Air Force.

Certifications:

Frontend &
Elementor Course

A 1-month course which focused on JS, HTML and CSS.

Such learnings were then implemented over Wordpress websites by implementation of CSS code snippets, in an independent Elementor course.
